

**INDEPENDENT AUDITOR'S REPORT****TO THE MEMBERS OF REVA ENVIRO PRIVATE LIMITED****Report on the Audit of the Standalone Ind AS Financial Statements****Opinion**

We have audited the Standalone Ind AS Financial Statements of **Reva Enviro Private Limited** ("the Company"), which comprise the balance sheet as at March 31, 2025, and the statement of Profit and Loss including the Statement of Other Comprehensive Income, Statement of cash flows and Statement of changes in equity for the year then ended, and notes to the Ind AS financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Ind AS Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and its profit and cash flows for the year ended on that date.

**Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Standalone Ind AS Financial Statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Other Matter**

The Ind AS financial statements of the Company for the year ended March 31, 2024, were audited by predecessor auditor who expressed an unmodified opinion on those financial statements on August 6, 2024.

**Information Other than the Standalone Ind AS Financial Statements and Auditor's Report Thereon**

The Company's Board of Directors is responsible for the preparation of other information. The other information comprises the information included in the Annual report, but does not include the Standalone Ind AS Financial Statements and our auditor's report thereon.

Our opinion on the Standalone Ind AS Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Ind AS Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Ind AS Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibility of Management for Ind AS Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone Ind AS Financial Statements that give a true and fair view of the financial position, financial performance, and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Ind AS Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Ind AS Financial Statements**

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Ind AS Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Ind AS Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Ind AS Financial Statements, including the disclosures, and whether the Standalone Ind AS Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

### **Report on Other Legal and Regulatory Requirements**

As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books
- c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid Ind AS Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended.
- e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to these financial statements and the operating effectiveness of such controls, refer to our separate Report in “Annexure B” to this report;
- g) The provision of section 197 read with Schedule V of the Act are not applicable to the company for the year ended March 31<sup>st</sup> 2025.
- h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - i. The Company does not have any pending litigations which would impact its financial position.
  - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
  - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
  - iv.
    - a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
    - b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity

("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement
- v. The company has not paid or declared any dividend during the year, accordingly the provision of section 123 of the Act are not applicable to the company
- vi. Based on our examination which included test checks, the company has used an accounting software for maintaining books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with. Further, the audit trail in respect of such software has been recorded and preserved in full compliance with the requirements of section 128(5) of the Companies Act, 2013, in respect of the financial year ended March 31, 2025.

## **Annexure-A to the Auditor's Report**

**Report on the Companies (Auditor's Report) Order, 2020 ("the Order") of even date to the members of REVA ENVIRO PRIVATE LIMITED on the Ind AS financial statements for the year ended on March 31, 2025.**

Based on the audit procedures performed for the purpose of expressing an opinion on the true and fair view of the Ind AS Financial Statements of the company and considering the information and explanations given to us and books of accounts and other records provided to us during the normal course of audit, we hereby report that:-

- i) In respect of the Company's Property, Plant and Equipment and Intangible Assets, according to information & explanations and representations given to us
  - (a)
    - i. The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
    - ii. The Company has maintained proper records showing full particulars of intangible assets.
  - (b) Property, Plant and Equipment were physically verified by the management during the year. In our opinion, the frequency of verification of the fixed assets is reasonable having regard to the size of the company and the nature of its assets. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
  - (c) According to the information and explanations given to us, the Company has no immovable property in the company, hence reporting under clause 3 (i) (c) of the order is not applicable to the company.
  - (d) According to the information and explanations given to us, Company has not revalued any of its Property, Plant and Equipment and company does not have any intangible assets, hence reporting under clause 3 (i) (d) of the order is not applicable to the Company.
  - (e) According to information & explanations and representations given to us by the management, no proceedings has been initiated or are pending against the company for holding any benami property under Benami Transactions (Prohibition) Act, 1988 and rules made thereunder.
- ii)
  - a) The company does not hold any physical inventory. Thus, paragraph 3(ii)(a) of the Order is not applicable to the company.
  - b) According to the information & explanation given to us, the Company has not been sanctioned working capital limits in excess of ₹ 5 crore, in aggregate, at any points of time during the year, from banks or financial institutions on the basis of security of current assets and hence reporting under clause 3(ii)(b) of the Order is not applicable.

- iii) According to the information & explanation given to us, during the year the Company has not made investments, provided any security or guarantee or granted any loans or advances in the nature of loans, secured or unsecured to companies, firms and limited liability partnerships or other parties covered. Accordingly, the reporting under clause 3 (iii) (a) to (f) of the order are not applicable to the Company.
- iv) According to the information and explanations provided to us, during the year the Company has not entered into any transactions in respect of loans, investments, guarantees, and security which are covered under section 185 of the Companies Act, 2013. Further, the Company has duly complied with the provisions in respect of grant of loans, making investments and providing guarantees and securities which are covered under section 186 of the Companies Act 2013.
- v) According to the information & explanation given to us, Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable.
- vi) Maintenance of cost records has not been specified by the Central Government under sub-section (1) of section 148 of the Companies Act, 2013 for the business activities carried out by the Company. Hence, reporting under clause (vi) of the Order is not applicable to the Company.
- vii) In respect of statutory dues,
  - a) According to the records of the company, the company is generally regular in depositing undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues applicable to it.  
According to the information and explanations given to us, no undisputed amounts payable in respect of income tax, wealth tax, service tax, sales tax, customs duty, excise duty, value added tax and cess were outstanding, as at March 31, 2025 for a period of more than six months from the date they became payable.
  - b) According to the records and the information and the explanation given to us, the company does not have any disputed dues as on March 31, 2025 in respect of goods and service tax, provident fund, employee's state insurance, income tax, sales tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues.
- viii) According to the information & explanation given to us, there were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961). Accordingly, the requirement to report on clause 3(viii) of the order is not applicable to the company.
- ix)
  - a) According to the information & explanation given to us, the Company has not taken any loans or other borrowings from any lender. Hence reporting under clause 3(ix)(a) of the Order is not applicable.
  - b) According to the information & explanation given to us, the Company has not been declared wilful defaulter by any bank or financial institution or any government authority.

- c) According to the information & explanation given to us, the Company has not taken any term loan during the year and there are no outstanding term loans at the beginning of the year and hence, reporting under clause 3(ix)(c) of the Order is not applicable.
  - d) According to the information & explanation given to us, the Company has not taken any term loan during the year and there are no outstanding term loans at the beginning of the year and hence, reporting under clause 3(ix)(d) of the Order is not applicable.
  - e) According to the information & explanation given to us, Company has not taken any funds from any entity or person on account of or to meet the obligation of its subsidiaries, associates or joint ventures.
  - f) According to the information & explanation given to us, Company has not raised any loans on pledge of securities held by its subsidiaries, joint ventures or associates and hence reporting on clause 3(ix)(f) of the Order is not applicable.
- x)
- a) According to the information & explanation given to us, the company has not raised money by way of initial public offer or further public offer (including debt instruments). Accordingly, the provision of clause 3(x)(a) of the order is not applicable.
  - b) Company has not made any preferential allotment or private placement of share or convertible debentures. Accordingly, the provision of clause 3(x)(b) of the order is not applicable.
- xi)
- (a) To the best of our knowledge and According to the information & explanation given to us, no fraud by the Company or any fraud on the Company has been noticed or reported during the year. Accordingly, the provision of clause 3(xi) (a) of the order is not applicable.
  - (b) During the year, no report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed by cost auditors/secretarial auditor or by us in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rule, 2014 with the Central Government
  - (c) According to the information & explanation given to us, no whistle blower complaints has been received during the year by company.
- xii)
- In our opinion and according to the information & explanation given to us, the company is not a Nidhi company. Hence the provision of clause 3(xii) (a) to (c) of the order is not applicable to the company
- xiii)
- According to the information & explanations given to us, all transactions defined under Section 188 of the Act are in compliance with Section 188 and details of these transactions are properly disclosed in the Ind AS Financial Statements. Further, Section 177 of the Act is not applicable to the Company.

- xiv) According to the information & explanations given to us, Company does not have an internal audit system and is not required to have an internal audit system under provisions of Section 138 of the Act. Accordingly reporting under clause 3 (xiv) (a) and (b) of the Order is not applicable to the company.
- xv) In our opinion the Company has not entered into any non-cash transactions with its Directors or persons connected with its directors as referred under provisions of section 192 of the Companies Act, 2013.
- xvi)
  - a) In our opinion and according to the information & explanation given to us, the company is not required to be registered under section 45-IA of the Reserves Bank of India Act, 1934. Accordingly, the provision of clause 3(xvi) (a), (b) and (c) of the order is not applicable to the company.
  - b) In our opinion there is no core investment company within the group. Accordingly, the provision of clause 3(xvi) (d) of the order is not applicable to the company.
- xvii) The Company has not incurred any cash losses during the financial year and during the immediately preceding financial year.
- xviii) There has been resignation of the statutory auditors during the year and we have taken into consideration the issues, objections or concerns raised by the outgoing auditors.
- xix) On basis of the financial ratios disclosed in the financial statement, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx) According to the information & explanations given to us, company is not required to make any expenditure under corporate social responsibility under provision of section 135 of the Act. Accordingly, the provision of clause 3(xx) (a) & (b) of the order is not applicable to the company.

- xxi) This clause of the order is applicable to consolidated financial statements. The audit report under reference is on the standalone financial statements of the company. Consequently, clause (xxi) of paragraph of the order is not applicable to the company.

## **Annexure - B to the Auditors' Report**

### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

In conjunction with our audit of the Standalone Ind AS Financial Statements of the Company as of and for the year ended March 31, 2025, we have audited the internal financial controls over financial reporting of **REVA ENVIRO PRIVATE LIMITED**.

#### **Management's Responsibility for Internal Financial Controls**

The Respective Board of Directors of the company, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Ind AS Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

## Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Ind AS Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Ind AS Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Standalone Ind AS Financial Statements.

## Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

## **Material accounting Policies to Financial Statements**

### **1. Company's background**

Reva Enviro Systems Private Limited ("the Company") is a private limited company domiciled and incorporated in India under the Companies Act, vide CIN No. U74999MH1984PTC034303 and incorporated on October 18, 1984. The registered office of the Company is located at 101, HDIL Towers Limited, Anant Kanekar Marg, Mumbai - 400 051, India.

The Company is engaged in the business of environment engineering, civil construction and Project Implementation.

### **2. Basis of preparation of Financial Statements**

#### **2.1. Basis of preparation and presentation**

Financial Statements of the Company comprises the Balance Sheet as at 31<sup>st</sup> March 2025, the Statements of Profit & Loss (including Other Comprehensive Income), the Statements of Changes in Equity, the Statements of Cash Flows for year ended 31<sup>st</sup> March 2025 and the Summary of material accounting policies and explanatory notes (hereinafter collectively referred to as "Financial Statements").

The Financial Statement has been prepared under the recognition and measurement principles of Indian Accounting Standards prescribed under Section 133 of the Companies Act, 2013 ("the Act") read with the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) Rules, 2016 and other accounting principles generally accepted in India.

### **3. Material accounting Policies**

#### **3.1. Current and non-current classification**

The Company presents assets and liabilities in the Balance Sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle.
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. Based on the nature of service and the time between rendering of services and their realization in cash and cash equivalents, 12 months has been considered by the Company for the purpose of current / non-current classification of assets and liabilities.

#### **3.2. Functional and presentation of currency**

Financial Statement are measured using the currency of the primary economic environment in which the entity operates ("the functional currency"). The Financial Information are presented in Rupees (Rs.), which is also the Company's functional currency. All amounts have been rounded-off to the nearest Lakhs, up to two places of decimal, unless otherwise indicated. Amounts having absolute value of less than Rs. 100,000 have been rounded and are presented as Rs. 0.00 Lakhs in the Financial Statement.

## **Material accounting Policies to Financial Statements**

### **3.3. Fair value measurement**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal market or the most advantageous market must be accessible to the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs

All assets and liabilities for which fair value is measured or disclosed in the Financial Statements are categorized within the fair value hierarchy based on the lowest level input that is significant to the fair value measurement as a whole. The fair value hierarchy is described as below:

Level 1 – Unadjusted quoted price in active markets for identical assets and liabilities.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3 – unobservable inputs for the asset or liability

For assets and liabilities that are recognised in the Financial Statements at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of fair value hierarchy.

Fair values have been determined for measurement and / or disclosure purpose using methods as prescribed in "Ind AS 113 Fair Value Measurement".

### **3.4. Use of estimates, judgements and assumptions**

The preparation of these Financial Statements in conformity with the recognition and measurement principles of Ind AS requires management to make judgments, estimates and assumptions in application of accounting policies that affect the reported balances of assets and liabilities, disclosure of contingent liabilities as on the date of Financial Statements and reported amounts of income and expenses for the periods presented. The Company based its assumptions and estimates on parameters available when the Financial Statements were prepared. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

Key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year. Significant estimates and critical judgement in applying these accounting policies are described below:

### **3.5. Property, Plant and Equipment and Depreciation**

#### **Recognition and measurement**

Under the previous GAAP, property, plant and equipment were carried at historical cost less depreciation and impairment losses, if any. On transition to Ind AS, the Company has availed the optional exemption under Ind AS 101 and accordingly it has used the carrying value as at the date of transitions the deemed cost of the property, plant & equipment under Ind AS.

## **Material accounting Policies to Financial Statements**

Properties plant and equipment are stated at their cost of acquisition. Cost of an item of property, plant and equipment includes purchase price including non - refundable taxes and duties, borrowing cost directly attributable to the qualifying asset, any costs directly attributable to bringing the asset to the location and condition necessary for its intended use and the present value of the expected cost for the dismantling/decommissioning of the asset.

Parts (major components) of an item of property, plant and equipments having different useful lives are accounted as separate items of property, plant and equipments.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company. All other repair and maintenance costs are recognised in statement of profit and loss as incurred.

Capital work-in-progress comprises of cost incurred on property, plant and equipment under construction / acquisition that are not yet ready for their intended use at the Balance Sheet Date. Advances paid towards the acquisition of PPE outstanding at each reporting date is classified as Capital Advances under "Other Non-Current Assets" and assets which are not ready for intended use as on the date of Financial Statement are disclosed as "Capital Work in Progress".

### **Depreciation and useful lives**

Depreciation on the property, plant and equipment (other than capital work in progress) is provided on a written down value method (WDV) over their useful lives which is in consonance of useful life mentioned in Schedule II to the Companies Act, 2013 or useful lives as determined based on internal technical evaluation. The estimated useful lives are as under:

Type of asset	Useful lives estimated by the management (years)
Office equipments	5 years
Computer – End user devices	3 years

Depreciation methods, useful lives and residual values are reviewed at each financial year end and adjusted prospectively.

### **De-recognition**

An item of property, plant and equipment and any significant part initially recognised is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is de-recognised.

## **3.6. Leases**

The determination of whether a contract is (or contains) a lease is based on the substance of the contract at the inception of the lease. The contract is, or contains, a lease if the contract provide lessee, the right to control the use of an identified asset for a period of time in exchange for consideration. A lessee does not have the right to use an identified asset if, at inception of the contract, a lessor has a substantive right to substitute the asset throughout the period of use.

The Company accounts for the lease arrangement as follows:

- (i) Where the Company is the lessee

### **Right of Use Asset**

The Company applies single recognition and measurement approach for all leases, except for short term leases and leases of low value assets. On the commencement of the lease, the Company, in its Balance Sheet, recognised the right of use asset at cost and lease liability at present value of the lease payments to be made over the lease term.

## Material accounting Policies to Financial Statements

Subsequently, the right of use asset is measured at cost less accumulated depreciation [calculated on straight line method] and any accumulated impairment loss. Right-of-use assets are depreciated on a straight-line basis over the lease term as follows:

Asset category	Lease Term
Premises	More than 1 year – 3 years

The right-of-use assets are also subject to impairment. Refer to the accounting policies in note 38 on impairment of non-financial assets.

### Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset. The lease payment made, are apportioned between the finance charge and the reduction of lease liability, and are recognised as expense in the Statement of Profit and Loss.

### Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of assets that are considered to be low value. Lease payments on short-term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term.

Lease deposits given are a financial asset and are measured at amortised cost under Ind AS 109 since it satisfies Solely Payment of Principal and Interest (SPPI) condition. The difference between the present value and the nominal value of deposit is considered as Right of Use Asset and depreciated over the lease term. Unwinding of discount is treated as finance income and recognised in the Statement of Profit and Loss.

### 3.7. Inventories

Company is in the business of providing services in relation to environment engineering, civil construction and Project implementation . Hence company does not have any inventory.

### 3.8. Revenue recognition

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The Company has concluded that it is principal in its revenue arrangements, because it typically controls the goods or services before transferring them to the customer. The policy of recognizing the revenue is determined by the five stage model proposed by Ind AS 115 “Revenue from contract with customers”.

#### (a) Revenue from operations:

- Revenue from sale of services is recognized on rendering of services to the customers based on contractual arrangements. Revenue is recorded exclusive of goods and service tax. Contract prices are either fixed or subject to price escalation clauses.

## Material accounting Policies to Financial Statements

- Revenue from sale of material is recognized on the basis of value of material dispatched as per the order terms and on satisfaction of five stage model prescribed by Ind AS 115.

### (b) Interest income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. Interest income is included in other income in the statement of profit and loss.

### (c) Dividends

Dividend income is recognised when the Company's right to receive the payment is established.

### (d) Other income

Other incomes are accounted on accrual basis, except interest on delayed payment by debtors and liquidated damages which are accounted on acceptance of the Company's claim.

## 3.9. Employee benefits

All employee benefits falling due wholly within twelve months of rendering the service are classified as short term employee benefits and they are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss in the period in which the employee renders the related service.

## 3.10. Cash & cash equivalent

Cash and cash equivalents include cash in hand, bank balances, deposits with banks (other than on lien) and all short term and highly liquid investments that are readily convertible into known amounts of cash and are subject to an insignificant risk of changes in value.

## 3.11. Statement of cash flows

Cash flows are reported using the indirect method, where by net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities are segregated.

## 3.12. Provisions, contingent liabilities, contingent assets

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risk specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources is remote, no provision or disclosure is made.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

## 3.13. Earnings per share

Basic earnings per share is computed using the net profit for the year attributable to the shareholders' and weighted average number of shares outstanding during the year. The weighted average numbers of shares also includes fixed number of equity shares that are issuable on conversion of compulsorily convertible preference

## **Material accounting Policies to Financial Statements**

shares, debentures or any other instrument, from the date consideration is receivable (generally the date of their issue) of such instruments.

Diluted earnings per share is computed using the net profit for the year attributable to the shareholder' and weighted average number of equity and potential equity shares outstanding during the year including share options, convertible preference shares and debentures, except where the result would be anti-dilutive. Potential equity shares that are converted during the year are included in the calculation of diluted earnings per share, from the beginning of the year or date of issuance of such potential equity shares, to the date of conversion.

### **3.14. Financial instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

#### **3.14.1. Financial assets**

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

#### **Classification of financial assets**

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are subsequently measured at fair value.

#### **Financial assets at fair value through profit or loss (FVTPL)**

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

#### **Impairment of financial assets**

The Company recognizes loss allowances using the expected credit loss (ECL) model based on 'simplified approach' for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the twelve month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in statement of profit and loss.

## **Material accounting Policies to Financial Statements**

### **De-recognition of financial asset**

The Company de-recognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On de-recognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On de-recognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

### **3.14.2. Financial liability and equity instrument**

#### **Classification as debt or equity**

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

#### **Equity instruments**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs. Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

#### **Financial liabilities**

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

However, financial liabilities that arise when a transfer of a financial asset does not qualify for de-recognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company, and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

#### **Financial liabilities at FVTPL**

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or

## **Material accounting Policies to Financial Statements**

- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading or contingent consideration recognised by the Company as an acquirer in a business combination to which Ind AS 103 applies, may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- the financial liability forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or
- it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item.

However, for non-held-for-trading financial liabilities that are designated as at FVTPL, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is recognised in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss, in which case these effects of changes in credit risk are recognised in profit or loss. The remaining amount of change in the fair value of liability is always recognised in profit or loss. Changes in fair value attributable to a financial liability's credit risk that are recognised in other comprehensive income are reflected immediately in retained earnings and are not subsequently reclassified to profit or loss.

Gains or losses on financial guarantee contracts and loan commitments issued by the Company that are designated by the Company as at fair value through profit or loss are recognised in profit or loss.

### **Financial liabilities subsequently measured at amortised cost**

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item. The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability or (where appropriate) a shorter period, to the gross carrying amount on initial recognition.

### **Offsetting of financial instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

### **Reclassification**

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the

**Material accounting Policies to Financial Statements**

immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

**De-recognition of financial liabilities**

The Company de-recognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability de-recognised and the consideration paid and payable is recognised in profit or loss.

**12.2 Rights, preferences and restrictions attached to equity shares****Equity Shares**

The Company has one class of equity shares having a par value of Rs.100 each. Accordingly, all equity shares rank equally with regard to dividends and share in the company's residual assets. The equity shares are entitled to receive dividend as declared from time to time subject to payment of dividend to preference shareholders. The voting rights of an equity shareholder on a poll (not on show of hands) are in proportion to its share of the paid-up equity capital of the company. Voting rights cannot be exercised in respect of shares on which any call or other sums presently payable have not been paid.

On winding up of the Company, the holders of equity shares will be entitled to receive the residual assets of the company, remaining after distribution of all preferential amounts in proportion to the number of equity shares held.

**Notes to the Financial Statement for the year ended 31st March 2025**

(Amount in rupees Lakhs, except share and per share data, unless otherwise stated)

**28 Earnings/ (loss) per share**

Earnings/(Loss) per Share ("EPS") is determined based on the net profit attributable to the shareholders of the Group. Basic earnings per share is computed using the weighted-average number of shares outstanding during the year. Diluted EPS amounts are calculated by dividing the profit for the year attributable to equity shareholders (after adjusting for interest on the compulsorily convertible debentures) by the weighted-average number of equity share outstanding during the year plus the weighted number of equity shares that would be issued on conversion of all the dilutive potential equity share into equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

Particulars	Year ended 31st March 2025	Year ended 31st March 2024
<b>Ordinary equity shareholders</b>		
Profit/ (Loss) attributable to ordinary equity holders	69.92	15.94
Weighted average number of equity shares for basic EPS	50,000	50,000
Face Value per share	100	100
Basic Gain/ (Loss) per share (INR)	139.85	31.89
Weighted average number of equity shares for Diluted EPS	50,000.00	50,000.00
Diluted Gain/ (Loss) per share (INR)	139.85	31.89

**29 Contingent liabilities and Capital commitments**

There are no capital commitments and other commitments. The contingent liabilities as at 31st March 2025 are as under.

**30 Employee benefits****(A) Defined Contribution Plans**

The Company has certain defined contribution plans. The obligation of the Company is limited to the amount contributed and it has no further contractual obligation. Following is the details regarding Company's contributions made during the period:

Particulars	Year ended 31st March 2025	Year ended 31st March 2024
Employers' Contribution to Provident Fund	4.10	3.30
Employers' Contribution to F.S.I.C.	0.09	0.17
Employers' Contribution to Labour Welfare Fund	-	0.00
<b>Total (Refer Note 24)</b>	<b>4.19</b>	<b>3.48</b>

**(B) Disclosures for defined benefit plans****(I) Gratuity**

The Company has a defined benefit gratuity plan for its employees. The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the Act, every employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the employee's length of service and salary at retirement age. Every employee who has completed five years or more of service gets a gratuity on departure at 15 days salary (last drawn) for each completed year of service as per the provisions of the Payment of Gratuity Act, 1972. The scheme is unfunded.

**Risks associated with plan provisions**

Valuations are based on certain assumptions, which are dynamic in nature and vary over time. As such Company is exposed to various risks as follows:

Interest rate risk	The defined benefit obligation is calculated using a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.
Salary inflation risk	Higher than expected increases in salary will increase the defined benefit obligation.
Demographic risk	This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, discount rate and vesting criteria.

For determination of the liability in respect of compensated gratuity, the Company has used following actuarial assumptions:

**Gratuity payable to employees****i) Actuarial assumptions**

Particulars	Year ended 31st March 2025	Year ended 31st March 2024
Discount rate (per annum)	6.72%	7.19%
Expected rate of return on plan Assets	N.A.	N.A.
Rate of increase in Salary	5.00%	5.00%
Expected average remaining working lives of employees (years)		
Attrition rate	For service 2 years and below 20.00% p.a. For service 3 years to 4 years 15.00% p.a. For service 5 years and above 6.00% p.a.	For service 2 years and below 20.00% p.a. For service 3 years to 4 years 15.00% p.a. For service 5 years and above 6.00% p.a.
Mortality Rate During Employment	Indian Assured Lives Mortality 2012-14 (Urban)	Indian Assured Lives Mortality 2012-14 (Urban)

Particulars	Year ended 31st March 2025	Year ended 31st March 2024
Actuarial (gain) / loss on Obligation for the year	-	-
Return on Plan Assets, Excluding Interest Income	-	-
Changes in financial assumptions	0.57	0.22
Experience adjustment	3.60	1.97
<b>Net actuarial (gains) / losses recognised in OCI</b>	<b>4.17</b>	<b>2.18</b>

**v) Assets and liabilities recognized in the Balance Sheet:**

Particulars	As at 31st March 2025	As at 31st March 2024
Present value of obligation as at the end of the year	28.10	21.42
Fair Value of Plan Assets at the end of the year	-	-
Funded Status (Surplus / (Deficit))	28.10	21.42
<b>Net asset / (liability) recognized in Balance Sheet</b>	<b>28.10</b>	<b>21.42</b>

**vi) A quantitative sensitivity analysis for significant assumption as at reporting date is as shown below:**

Impact on defined benefit obligation	As at 31st March 2025	As at 31st March 2024
Discount rate	-	-
1% increase	(1.18)	(0.94)
1% decrease	1.32	1.04
Rate of increase in salary	-	-
1% increase	1.22	1.05
1% decrease	(1.21)	(0.97)
Rate of employee turnover	-	-
1% increase	0.11	0.12
1% decrease	(0.13)	(0.14)

**vii) Maturity profile of defined benefit obligation**

Year	As at 31st March 2025	As at 31st March 2024
1st Following year	3.30	2.96
2nd Following year	1.89	1.42
3rd Following year	1.87	1.43
4th Following year	17.40	1.42
5th Following year	0.71	13.41
Sum of years 6 to 10	3.41	2.53
Sum of Years 11 and above	12.66	9.53

**(II) Compensated absences (non-funded)**

The Compensated leave absences benefit scheme is a defined benefit plan and is wholly unfunded. Hence, there are no plan assets attributable to the obligation. The long term employee benefits in the form of compensated leave absences have been determined using the projected unit credit method as at the balance date on the basis of actuarial valuation.

The leave wages are payable to all eligible employees at the rate of daily salary for each day of accumulated leave on death or on resignation or upon retirement on attaining superannuation age.

Following amounts are recognised in respect of unfunded obligation towards compensated leave absences-

Particulars	Year ended 31st March 2025	Year ended 31st March 2024
Amount recognised in the Balance Sheet	-	-
Long-term	3.08	2.60
Short-term	0.49	0.47
Total	3.57	3.07
Amount recognised in salary and other benefits in the Statement of Profit and Loss in respect of compensated leave liability.	1.97	0.67

**31 Leases**
**(a) Asset taken under operating lease**

- (i) The Company has entered into agreements for taking on lease office on lease and license basis. The original lease term was for a period of 6 years, on fixed rental basis with escalation clauses in the lease agreement from June 2016 to May 2022. The company has renewed the agreement for further period of 3 years starting from June 2022 to May 2025.

Particulars	As at 31st March 2025	As at 31st March 2024
Carrying value of right of use assets at the end of the reporting year	0.84	5.88

**(ii) Analysis of Lease liability:**

Movement of lease liabilities	As at 31st March 2025	As at 31st March 2024
Opening lease liabilities	6.87	11.71
Addition during the year	-	-
Ind AS transition adjustment	-	-
Accretion of interest during the year	0.39	0.86
Cash outflow towards payment of lease liabilities	(6.18)	(5.70)
Deletion during the year on account of termination of lease agreements	-	-
Closing lease liabilities	1.08	6.87

**(iii) Maturity analysis of lease liabilities (on undiscounted basis)**

	As at 31st March 2025	As at 31st March 2024
Less than 1 year	1.08	5.83
Between 2-3 years	-	1.04
More than 3 years	-	-

**(iv) Lease liabilities included in statement of financial position**

	As at 31st March 2025	As at 31st March 2024
Current	1.08	5.83
Non-current	-	1.04

**(v) Impact on statement of profit and loss**

Particulars	Year ended 31st March 2025	Year ended 31st March 2024
Interest on lease liabilities	0.39	0.86
Depreciation on right of use assets	5.04	5.04
Other expenses	-	-
Net impact on profit after tax	5.43	5.90

- (vi) Weighted average incremental borrowing rate of 9% has been applied to lease liabilities recognized in the balance sheet.

**32 Financial Ratio**
**(a) Ratios:**

Financial ratios	Methodology	Year ended 31st March 2025	Year ended 31st March 2024	% change
(a) Current ratio	Current Assets / Current Liabilities	0.32	0.52	-38.37%
(b) Debt Equity Ratio	Total Debt / total shareholders' equity	NA	NA	NA
(c) Debt Service coverage ratio	Earning available for Debt Service <sup>1</sup> / Debt service <sup>2</sup>	NA	NA	NA
(d) Return on Equity (%)	Profit after tax / average equity	91.58%	13.64%	571.50%
(e) Inventory Turnover Ratio	Cost of goods sold / average inventory	NA	NA	NA

	<b>Total financial liabilities</b>	<b>11.76</b>	<b>11.76</b>	<b>16.01</b>	<b>16.01</b>

Note:

(i) Since there is no Financial Asset/Financial Liability which is measured at fair value through Profit & Loss or Fair value through other Comprehensive Income, no separate disclosure has been made for the same in the above table.

**(b) Fair valuation techniques**

The Company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available. The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The management assessed that fair value of Trade receivables (net), Cash and cash equivalents, Other bank balances, Loans, Other current financial asset, Current borrowings, Trade payables and Other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments. Further, the management has assessed that fair value will be approximate to their carrying amounts as they are priced to market interest rates on or near the end of reporting period.

**(c) Fair value hierarchy**

Financial assets and financial liabilities are measured at fair value in the financial statement and are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1 : Quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2 : Other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3 : Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

**35 Risk management framework**

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors is responsible for developing and monitoring the Company's risk management policies. The Company's risk management policies are established to identify and analyze the risk faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company's Board of Directors oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

The Company has exposure to the following risks arising from financial instruments:

- Credit risk;
- Liquidity risk;
- Market risk

**(a) Credit risk :**

Credit risk arises from the possibility that customers or counterparty to financial instruments may not be able to meet their obligations. To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, analysis of historical bad debts and ageing of accounts receivable. Credit risks arises from cash and cash equivalents, deposits with banks, financial institutions and others, as well as credit exposures to customers, including outstanding receivables.

The Company considers factors such as track record, size of institutions, market reputation and service standards to select banks with which balances and deposits are maintained. the balances and fixed deposits are generally maintained with the banks with whom the Company has regular transactions. Further, the Company does not maintain significant cash in hand other than those required for its day to day operations. Considering the same, the Company is not exposed to expected credit loss of cash and cash equivalent and bank balances.

**(b) Liquidity risk :**

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to Company's reputation.

Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows to ensure it has sufficient cash to meet operational needs. Such forecasting takes into consideration the Company's debt financing plans, covenant compliance and compliance with internal statement of financial position ratio targets.

**(i) Maturities of financial liabilities:**

The following are the remaining contractual maturities of financial liabilities at the reporting date:

Particulars	Less than 1 year	1 to 5 year	Above 5 years	Total
<b>As at 31st March, 2025</b>				
Borrowings	-	-	-	-
Lease Liability	1.08	-	-	1.08
Trade payables	11.13	(0.43)	-	10.68
Other current financial liabilities	-	-	-	-
Current Contract Liabilities	-	-	-	-
<b>As at 31st Mar, 2024</b>				
Borrowings	-	-	-	-
Lease Liability	5.83	1.04	-	6.87
Trade payables	9.14	-	-	9.14
Other current financial liabilities	-	-	-	-
Current Contract Liabilities	125.91	20.29	-	146.20

**(c) Market risk**

Market risk is the risk that the changes in market prices such as foreign exchange rates, interest rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return. The pre dominant currency of the Company's revenue and operating cash flows is Indian Rupees (INR). There is no foreign currency risk as there is no outstanding foreign currency exposure at the period end.

**(d) Interest Rate Risk**

The Company had paid loan fully & there is no outstanding debt, & hence there is no interest rates risk.

**36 Capital risk management**

The Company manages its capital to ensure that it will be able to continue as a going concern so, that they can continue to provide returns for shareholders and benefits for other stakeholders and maintain an optimal capital structure to reduce cost of capital. The Company manages its capital structure and make adjustments to, in light of changes in economic conditions, and the risk characteristics of underlying assets. In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the borrowings that define the capital structure requirements.

Consistent with others in the industry, the Company monitors capital on the basis of the gearing ratio. The ratio is calculated as net debt divided by equity. Net debt is calculated as total borrowing (including current and non-current terms loans as shown in the balance sheet).

The Company monitors capital using 'Total Debt' to 'Equity'. The Company's Total Debt to Equity are as follows:

Particulars	As at 31st March 2025	As at 31st Mar, 2024
Total debt*	-	-
Total capital (total equity shareholder's fund)	(42.95)	(109.75)
Net debt to equity ratio	-	-

\* Total debt = Non-current borrowings + current borrowings + current maturities of non-current borrowings.
